KENSINGTON

May truly be called the manufacturing city of this vicinity. Now is the opportunity of a lifetime to make money. Buy lots now while you have the chance at present prices and can be suited in location. Any kind of business that you may wish to engage in will pay there. Building houses now, either to rent or sell, will pay there. Don't put off buying, as property is steadily increasing in value and the coming of the Chambers Glass Company will make such a demand for lots to supply homes for the thousands that must live there, that they will soon be taken and present prices advanced. No advance in prices will be made at present by the company. To those who have visited

KENSINGTON

And have made a selection of a lot without buying, we would advise to close the transaction immediately if they wish to secure it. The property lying above the railroad is now graded and for sale. It was the intention not to place this section on the market before spring, but the large demand and sale of lots in the lower part of the city necessitated it. This is the most beautiful part of Kensington for homes. There never was a better prospect to make money than putting it in property in this new city. Come to our office and get FREE TICKETS.
